Community Outreach

Quinte St. Alban's 620, Remembrance 586 and the TDV District come together!

“

“Together with our Brethren, youth, and neighbors, we plant not just trees but seeds of unity, rebirth, and hope – greening our city and growing a legacy of faith and stewardship.

Brother Bryan Andrew Colambo, Chairman
District MASONIch.I.P., Blood Donors & Community

On Saturday, May 10, **Quinte St. Alban's** and **Remembrance Lodges**, in collaboration with the **Toronto Don Valley District Freemasons**, came together to plant an inspiring 400 trees and shrubs at a local park.

The weather smiled upon our efforts as Brethren rolled up their sleeves alongside family and community members, demonstrating that Masonic principles extend far beyond our lodge rooms.

Members from the **International Order of the Rainbow for Girls Assembly No. 2** joined enthusiastically, bringing energy and highlighting the multigenerational commitment to environmental stewardship.

The collaborative spirit between Remembrance No. 586 and Quinte St. Alban's No. 620 exemplifies how our individual lodges can achieve remarkable outcomes when we combine our efforts. Together, we've created a living legacy that will benefit our neighborhood for generations to come.

This successful event demonstrates the continuing relevance of Freemasonry in today's world - bringing people together across backgrounds and generations to work toward common goals that benefit all. As these trees grow tall in the coming years, they'll stand as testament to what we can accomplish when we work with square and compass in hand and community in heart.
